this book explores palestinian women s views of popular resistance in the west bank and examines factors shaping the nature and extent of their involvement despite the signing of the oslo peace accords in 1993 and 1995 the occupied palestinian territories in the contemporary period have experienced tightened israeli occupational control and worsening political humanitarian security and economic conditions based on ethnographic fieldwork conducted with women in the west bank this book looks at how palestinian women in the post oslo period perceive negotiate and enact resistance it demonstrates that far from being apathetic as some observers have charged palestinian women remain deeply committed to the goals of national liberation and wish to contribute to an effective popular resistance movement yet many palestinian women feel alienated from prevailing forms of collective popular resistance in the opt due to the low levels of legitimacy they accord them this alienation has been made stark by the gendered and intersecting impacts of expanding settler colonialism tightening spatial control a professionalised and depoliticised civil society reinforced patriarchal constraints israeli and palestinian authority pa repression and violence and a deteriorating economy all of which have raised the barriers palestinian women face to active participation undertaking a gendered analysis of conflict and resistance this volume highlights significant changes over the course of a long running resistance movement readers interested in gender and women s studies the arab israel conflict and middle east politics will find the study beneficial

the concept of the circular economy has attracted the attention of scholars researchers professionals and policymakers in recent years the notion is characterised as an economy that intends to keep products stocks work in progress and materials at their highest utility and value continually distinguishing between their technical and biological cycles it is devised as a continuous positive development cycle that reserves and improves natural resources optimizes outputs and minimizes supply chain related risks by overseeing limited stocks and renewable flows of the stocks several legislations and policies are being

developed to motivate and integrate sdgs and net zero related approaches in companies among which the circular economy ce is gaining momentum due to its documented impact on the elements of the sdgs and net zero efficient management of resources and utility via artificial intelligence is vital towards a smart circular economy by minimising waste losses pollution and extraction of virgin resources it is important to note that there is a difference between smart and traditional circular economies this book focuses on the former and makes distinctions in terms of how technology systems and solutions can be effectively and efficiently implemented this book the paradigm shift from a linear economy to a smart circular economy the role of artificial intelligence enabled systems solutions and legislations discusses the transition from linear to smart circular economy by dissecting the role of artificial intelligence and other technologies such as big data iot and blockchain in such transformations the book further aims to provide a platform for researchers professionals and students to closely investigate discuss and examine the theories philosophies ontologies and the role of governments policymakers and businesses in supporting the transition to a smart economy via national initiatives fiscal policies and corporate governance the book highlights the need for collaborative efforts between various actors including the private and public sectors through cross disciplinary approaches to attain maintain and sustain a smart circular economy

a monumental contribution to palestinian studies an indispensable resource for those interested in middle eastern folklore music history and politics journal of folklore research drawing from a long history of indigenous traditions and incorporating diverse influences of surrounding cultures music in palestine and among the millions of palestinians in diaspora offers a unique window on cultural and political events of the past century from the perspective of scholars performers composers and activists palestinian music and song examines the many ways in which music has been a force of representation nation building and social action from the turn of the twentieth century when palestine became an exotic object of fascination for missionaries and scholars to twenty first century transnational collaborations in hip hop and new media this volume traces the conflicting dynamics of history and tradition innovation and change power and resistance

drawing on new research from the erc project developing theatre this collection presents innovative institutional approaches to the theatre historiography of

the global south since 1945 covering perspectives from africa asia the middle east and latin america as well as eastern europe the chapters explore how us philanthropy international organisations and pan african festivals all contributed to the globalisation and institutionalisation of the performing arts in the global south during the cultural cold war the global north intervened in and promoted forms of cultural infrastructure that were deemed adaptable to any environment this form of technopolitics impacted the construction of national theatres the introduction of new pedagogical tools and the invention of the workshop as a format the networks of experts responsible for this foreground seminal figures both celebrated augusto boal efua sutherland but also lesser known albert botbol severino montano metin and who contributed to the worldwide theatrical epistemic community of the postwar years developing theatre in the global south investigates the institutional factors that led to the emergence of professional theatre in the postwar period throughout the decolonising world the book s institutional and transnational approach enables theatre studies to overcome its still strong national and local focus on plays and productions and connect it to current discourses in transnational and global history

claims that there is a cultural logic to palestinian suicide bombings and that these acts can neither be understood nor effectively countered without taking this into account

this handbook provides a broad overview of palestinian history society politics and culture across different contexts and periods revealing the rich and varied dimensions of palestine to capture the diversity of palestinian scholarship and to introduce readers to a mix of approaches and perspectives both internationally established and emerging palestinian scholars have contributed the handbook attempts to avoid narrowly framing palestine around the israeli palestinian conflict incorporating postcolonial approaches attentive to a broader range of hitherto overlooked actors while a significant proportion of the handbook examines the contemporary period it is divided up into four sections that together provide a detailed overview of the main developments in the region a historical section that contextualizes the complex historical formation of contemporary palestine perhaps best regarded as a country but not yet a state a section exploring the society geography economy and identity of palestine a section on the political significance of palestine covering the dynamics between jewish nationalism zionism and palestinian nationalism a final section on culture touching on architecture literature music cuisine education and

contemporary art providing a deep analysis of the palestinian perspective the handbook will prove valuable reading for anyone interested in the history politics and society of palestine and the middle east

the first comprehensive publication on the subject this book investigates interactions between racial thinking and the stage in the modern and contemporary world with 25 essays on case studies that will shed light on areas previously neglected by criticism while providing fresh perspectives on already investigated contexts examining performances from europe the americas the middle east africa china australia new zealand and the south pacifi c islands this collection ultimately frames the history of racial narratives on stage in a global context resetting understandings of race in public discourse
